Thanks Ryan. Don't worry about checking your files. I will check with Clint Sperry first to see what is in the Superfund files. If I need anything more, I'll get back with you.

Thanks again.

Chris,

Holly has taken a different position within the agency, but indicated that Clint Sperry was the EPA project manager for NIC. I currently do not have a new project manager assigned for NIC as I am actually down two positions and have no one to fill the void. So in the interim if you have questions feel free to direct them my way. Regarding the info request we will have to look into and get back to you.

Regards,

Ryan Weiser, P.G.

Holly-

Who is the EPA project manager for the NIC site, now that Ken Rapplean is retired?

Also, do you know if EPA or KDHE sent an information request to the Clean Harbors facility (USPCI or HRI at the time) for the NIC site? Apparently an appendix in the NIC RFI report says EPA sent a 104E letter (info request) to USPCI, but I don't have that in my RCRA files. I'm guessing it is either in the superfund files, or it was actually sent by KDHE. Do you have any information about an info request? Thanks.
